### PUBLIC FUNERAL FOR VICTIMS OF EMPRESS

BODIES OF MANY ARE SO ALTERED THAT IDENTIFICATION IS VERY DIFFICULT.

### CAPTAINS TO FACE EACH OTHER

Authorities Will Conduct Strict Investigation and Will Probe Till Blame Is Fixed.

(Associated Press.)

Quebec, Canada, June 2.—The first public funeral of the victims of the disaster which befell the Empress of Ireland will be held Wednesday when nine members of the crew will be buried with imposing ceremony here. The schools will be closed and business will be suspended.

The number of disputes in the funeral shed is a surprising feature of the identification work. In one case, no less than five persons are contending for the body of a little girl, with the result that the body is still undisposed of. So altered are the features of the dead, due to the mutilation in the wreck and in the water, that many mistakes are being made.

The body of Leonard Palmer, the London Financial News man, has been identified.

Ottawa, June 2.—The British and Canadian governments are co-operating to make the most thorough possible investigation into the sinking of the steamer Empress of Ireland.

The disaster will be inquired into by a royal commission of three. The British government has appointed George Vaux as its representative. He has already sailed from England, and will reach Montreal June 8, and the inquiry will be commenced at Quebec June 9. The other two members of the commission will be judges of the Canadian admiralty court.

While the commission is organizing, Captain Lindsay, the wreck commissioner of the government, is carrying on a preliminary investigation, preparing evidence and getting the case ready as far as possible. All the passengers who were saved will be summoned to give evidence under oath to Captain Lindsay, and officers and members of the Empress and the collier which sent her to the bottom will be examined.

### Death List Now 969.

The latest lists furnished by the Canadian Pacific railway indicate that a total of 969 persons perished in the wreck. The saved number 413. The tabulation follows:

First cabin—  
Passengers carried ..... 87  
Passengers saved ..... 32  
Passengers lost ..... 55  
Second and third class (of whom 153 were second class)—  
Passengers carried ..... 868  
Passengers saved ..... 180  
Passengers lost ..... 688  
Crew—  
Carried ..... 432  
Saved ..... 206  
Lost ..... 226

### Captains Give Lie to Each Other.

In the preliminary investigation here the Canadian officials find themselves confronted by a situation in which the respective commanders of the Empress of Ireland and of the Storstad, Captain Kendall and Captain Anderson, give the lie to each other. The former declares that the Storstad drew away after it rammed the Empress. Captain Anderson declares that it was the Empress which drew away.

The separation of the two ships allowed the water to rush into the gap cut by the prow of the Storstad and the Empress sank much quicker than she would have if the two vessels had remained together.

The features of Laurence Irving, the actor, were so badly disfigured as to be unrecognizable, but the remains were identified by means of a signet ring. There was a piece of a woman's night dress in his clinched fist and it was evident that he was making a desperate fight to save his wife when he went to his death.

The official list of cabin passengers from the United States aboard the ill-fated Empress of Ireland, as given by Vice-Consul General Gorman at Montreal, was as follows:

First class—  
Mrs. F. M. Dunlevy, Denver.  
Second class—  
Bessie Bawden, Hillsboro, Ind.  
Reinhold Beech, Rochester, Minn.  
Florence Bawden, Hillsboro, Ind.  
Elex Bunthorne, Santa Barbara, Cal.  
Mrs. John Fisher, Chicago.  
Mr. and Mrs. H. Freeman, West Allis, Wis.  
Mrs. M. Gray, Terre Haute, Ind.  
Herman Kruse, Rochester, Minn.  
A. Mattier, Indianapolis.  
Mrs. W. Maunacy, Chicago.  
J. R. Heath, Chicago.  
Jennie Newton, Antler, N. D.  
Mr. and Mrs. George C. Richards, Terre Haute, Ind.  
Miss W. Gray, Terre Haute, Ind.  
N. L. Heath, Chicago.  
George Johnstone, Santa Barbara, Cal.

### OTHER CITIES HAVE CLEAN BRICK STREETS

DIXON STREETS SUFFER BY COMPARISON TO THOSE OF NEARBY CITIES.

### DIRTY STREETS DECORATION DAY

Dixon Tax Payer Appreciates Telegraph's Efforts to Correct Evil and Laments Disgraceful Conditions Here.

To the Editor of the Evening Telegraph:

On Saturday last, Memorial day, the writer visited two of our neighboring cities and was much interested in noting the condition of their paved streets so far as cleanliness was concerned. They were quite clean, evidently having been recently washed or swept. Possibly this had been done in anticipation of Memorial day and in order to put the city in proper shape for a holiday as a self-respecting housekeeper puts her house in order for company. Possibly it is the practice in these cities to keep their streets clean, and that they have learned that it costs very little more to keep them so all the time than to let the dirt accumulate in unsightly and unsanitary quantities before cleaning them. Possibly also these cities are blessed with officials who have some regard for the health and comfort of their people as well as the opinion of any visitors who may make use of their streets. Be that as it may, the contrast between those streets and the ones we had left at home was great and was commented on at more or less length by all in our party.

Perhaps the less that is said about the condition of our business and main traveled residence streets, the paved ones especially, the better. The failure to keep these streets in clean and sanitary condition causes great discomfort to our people, large loss to our merchants and without doubt a certain amount of sickness and death. Our paved streets are sloping and can easily be washed. Our people have paid for the water for this purpose and it would seem that some one of the city officials should give attention to this very necessary item of city affairs. The existing condition surely is the result of pure negligence on the part of some one in authority. Our paved streets should be washed once a week instead of once a month or once in three months, as seems to have been the custom since March 1st last.

The effort of the Telegraph to secure more sanitary and safe conditions is appreciated by our people. If the dust nuisance when the streets are dry and the muddy and dangerously slippery condition when they are wet, could be done away with it would be a long step in the right direction.

The new law provides that it shall be the duty of the commissioners of highways "to cause to be erected and kept in repair at the forks or crossing places of the most important public roads, post and guide boards, with plain directions and distances to the most noted places to which such roads may lead." It is reported that in very few of the townships in this part of the state have the commissioners fulfilled this requirement of their office.

### LESTER ROBINSON NOT BADLY HURT

ROCKFORD PAPER GIVES DETAILS OF ACCIDENT WHICH MIGHT EASILY HAVE BEEN FATAL.

### SUFFERED CUTS AND BRUISES

Rider With Whom Robinson Collided Is Perhaps Injured Internally and He May Die.

Word received from Rockford today was to the effect that G. Lester Robinson of this city, who was injured there Sunday, was resting easily and the indications are now that his injuries are not as serious as was at first expected. While he is not yet out of danger it is believed he will recover rapidly. The following story of the accident which befell him is from the Rockford Register Gazette:

Leslie Haworth of Woodstock and Lester Robinson of Dixon are at St. Anthony hospital suffering from injuries received at the motorcycle speedway Sunday morning when their machines collided in front of the grand stand.

Haworth was rendered unconscious by the force of the impact, in which condition he remained more than an hour. It is feared he may be suffering from internal injuries. Robinson received severe bruises about the head, face and body. Both men are suffering from the shock.

Both men are motorcycle agents in their home towns and came to see the motorcycle races. Early Sunday morning they went to the track it is presumed, to speed up a little on stock machines.

After circling the track several times at fast speed Haworth decided he had enough. In front of the grand stand he turned toward the pole to enter the grand stand. Robinson was flying down the stretch with his machine wide open and when Haworth turned in front of the grand stand the former attempted to pass on the right.

Haworth was struck by Robinson with terrific force. Haworth and his machine were bowled over and Robinson was hurled into the air about 25 feet beyond his fallen comrade. The men were hurried to St. Anthony hospital where they were attended by Dr. W. P. Burdick and Dr. G. A. Howard.

### CHILD MAKES BRAVE EFFORT FOR MOTHER

LITTLE ROCKFORD GIRL GIVES BLOOD FROM HER BODY IN HOPE OF SAVING MOTHER'S LIFE.

Rockford, June 1.—Mrs. W. C. Thompson was operated upon at St. Anthony hospital Thursday for a serious ailment and apparently came out from the ordeal in good shape. Saturday evening she suffered a relapse and the physician resorted to infusion of blood as a means of saving her life. Marjorie, the 17 year old daughter, promptly and fearlessly offered the blood of her own young, strong body and at 11:30 she lay down beside her mother and for an hour with out anaesthetic and without an outcry, stood the pain of the slow process of transmitting her blood to her dying mother. For a few hours the mother showed signs of rallying, but her improvement was only temporary and at 6 o'clock she breathed her last.

The brave daughter who gave her blood so freely to save her mother was greatly weakened by the voluntary loss of blood. When the ordeal was over and the mother turned to her child and thanked her Marjorie, with composure born of the need of serenity in the crisis at hand, assured the dying woman that she was a million times welcome and asked only that she get well quickly. At 2 o'clock while still weak, she is not considered in danger.

### RESOLUTIONS ADOPTED AT SUBLETTE MEETING

LEE COUNTY SUNDAY SCHOOL CONVENTION VOTED ON MANY SUBJECTS DURING SESSION.

### COMMEND DANIELS ON ACTION

Delegates to Convention Also Thanked Good People of Sublette for Hospitality.

The following are the resolutions adopted by the Lee County Sunday School Convention, held May 21-22, 1914, at Sublette, Ill.:

A brief retrospective view of our last year's work demonstrates the fact that while much remains to be done, it is gratifying to know there has been progress in all departments of our S. S. work in Lee county; more than maintaining our position in the front rank as one of the banner counties. Be it therefore

Resolved, that we commend the faithful work done by our county and township officers, making special mention of the laborious and thorough work done by our statistical secretary and treasurer, Miss Ethel M. Kay, and her re-election to this important position for another term is hereby recommended. Be it further

Resolved, that we express our appreciation of the instructive, helpful and inspiring services rendered by our state workers, Dr. R. P. Shepherd and Miss Wilhelmina Stooker of Chicago, and those of Dr. L. A. Beard of Peoria, Ill., and will ever pray that God will speed their work.

In view of the fact that the people of Sublette have so kindly requested that this convention be held in their town and in their midst, and have given us such a royal reception and welcome to their homes and hearts, providing so bountifully for our comfort and temporal needs, and giving expression of their appreciation in such a touching manner, by their handsome decorations, their splendid chorus work, the good young pastor assisting in every way, be it therefore

Resolved, that we hereby express our love and best wishes for the people of Sublette and thank them most heartily, particularly the pastor and the ladies who have contributed so much toward the temporal and spiritual success of the convention and that we give further expression of our esteem and appreciation by giving them a rousing chautauqua salute.

Whereas, there is now a bill before our U. S. congress, championed by Congressman R. P. Hobson of Alabama for the submission of a constitutional amendment to the various states of our Union, to the effect that the manufacture, the importation and transportation, and the sale of all intoxicating liquors as a beverage is hereby and shall be forever prohibited in the U. S. of America, be it therefore

Resolved, that we, assembled in convention as delegates of the Lee Co. S. S. Association, Sublette, Ill., May 22, 1914, do hereby most emphatically endorse said movement, and will by prayer, word and deed, encourage the enactment of said bill, and the people of the U. S. be given an opportunity to record their wishes regarding this matter at the polls at an early date.

Be it further Resolved, that copies of this resolution be sent to Congressman R. P. Hobson, our United States Senator Sherman and Lewis, Congressman McKenzie and to the Lee county press.

Be it further Resolved, that we admire the courage and the patriotism of the Hon. Mr. Daniels, Sec. of the Navy, for abolishing the intoxicating cup and drunkenness from the U. S. Navy.

Resolved, that we suggest the singing of the Doxology in glorious recognition of woman suffrage in the state of Illinois, and for the brilliant service rendered by the women at our recent elections by driving more than a thousand saloons out of business in our beautiful Prairie state by the power of their ballots, and we hope and pray that God may so direct the hearts and minds of our supreme judges and give them the necessary wisdom so they may see their way clear in giving that state law their most emphatic endorsement when they meet in June next.

Whereas, the subject of purity is one that we ought to be greatly interested in. Without purity we will be unable to develop the spiritual life. It is the crowning glory of the mind to obey God's laws. Therefore we urge upon this convention the adoption of purity as one of its departments, and the combining it with the temperance, which is self-control from all the demoralizing habits that confront us as a nation. The legalized saloon is a foe to the Sunday school, dragging our young men and women down to drunkard graves and drunkards' hell. Therefore we declare no compromise but will stand for a saloonless nation, a world-wide movement, that state and national prohibition may prevail. And be it further

Resolved, that the Supt. of the Temperance department shall also serve

## SHERWOOD MAGEE

Red McGhee says:

When home run hits you talk about it's almos' sure beyond a doubt, you think o' Baker's drives. But there's another Sleep-town gent whose bat has put a husky dent in many pitchers' lives. An' that's Magee of Dooin's clan. Don't overlook him. He's some man! He's led the ol' league twice. When he steps up to crowd the plate a pitcher's like to aviate an' shake his knees like dice.

One guy that Magee can hit at whm is Rube Marquard who hurls the pill at Muggsy's Polo grounds. Magee has banged the ol' horsehide so far that he's had time to ride the whole darn way around two times in one game when Marquard was in the box an' workin' hard to earn himself a win. But Marquard ain't the only boob. All pitchers suffer like the Rube when Phil lies' pride starts in.

In three years, leavin' this one out, Magee has made that four-base clout jus' thirty-two times, bo. I guess that battin's kind o' limp! I guess Magee's a hasbeen simp! I guess he's goin' slow! His first name? — Gee. I better tell you more about this hitsmith swell. It's Sherwood. Ain't that grand? An' when the bludgeon he don't wield he plays around in center field. Oh, yes, he bats right hand.

as the Supt. of the Parity department.

Whereas, there seems to be a lack of real, genuine Bible study in some of our Sunday schools, which is essential to a proper training of our youth, the boys and girls, be it therefore

S. work, and also to teach them the necessity of purity in heart and life, so that they may be come rooted and grounded in Christ Jesus and more thoroughly established in our holy faith.

We would also call attention to the fact that there is a great contest in progress between the home department workers of Indiana and Illinois for the purpose of securing the largest enrollment, contest to close June first. We therefore urge that all pastors, superintendents, teachers and county officers, and all others who are interested in the work, to co-operate with Mrs. M. L. COREST CONCERN RENTS BIG BUILDING IN THE HEART OF CHICAGO.

Chicago, June 2.—The lease by the H. W. Gossard company, manufacturers of corests, from Willis J. Wells of Wells & Co., printers and engravers of the Graphic Arts Building, at 1006 South Michigan avenue, for a term of years, at an annual rental of \$25,000, will materially stimulate interest in South Michigan avenue.

It is the most convincing argument as to the desirability of that thoroughfare as a center for the merchandizing of high grade material.

The Gossard company is a concern of high standing, the success of their product being the result of a high order of merit and the financial success what it is doing.

The building is eight stories high with basement and the leases will occupy it with the executive offices of their business. The structure will be known as the Gossard Building. Part of the first story will be occupied with their retail business, and evidence of the growth or which may be found in the fact that this is the fourth retail store that this company has opened within the last few years in Chicago, the others being in the Motor Building at State and Monroe streets, the Keener Building at Wabash avenue and Madison street and one in the Stratford Hotel, Michigan avenue and Jackson boulevard. The lease was negotiated by Lee J. Lesch & company, William Kapin of the firm having been associated in the negotiation.

POST OFFICE DEPARTMENT  
NEW POSTAL CARD.

Washington.—The post-office department has under consideration the adoption of a new form of post-card—on which the sender will indicate, not only the street address but also the telephone number. Upon the arrival at the post-office, a clerk who is assigned the duty will immediately call up the telephone number given and ask for the person to whom the card is addressed and read the message to him. Subsequently the card will be delivered in the usual way.

If this card is adopted it will require five cents postage additional to the penny required for the post-card and would have precedence over ordinary first-class matter in the same manner that special delivery letters do. The number of words on the post-card is to be limited and the post office department assumes no liability, other than that attending the service given to the special delivery letter. A reply post-card for giving the service at both the receiving and sending ends would cost ten cents.

**THE DIXON ROTARY LAWN MOWER**

**"DIXON"**

THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them. If he has not got them all us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

NOTHING TO LOSE BUT MUCH TO GAIN.

If the mediation conference at Niagara Falls succeeds in settling the differences between the United States and Mexico, and even quiets the internal strife that has racked the country for so many years, President Wilson will have achieved a victory that should go down in the annals of history as the greatest feat of generalship the world has ever known. On the other hand, if it fails, the United States-Mexico embroglio will be just where it was when "time" was called. The war can be gone through with then, if necessary, and at least nothing will have been lost by the attempt to make peace.

We supported Mr. Wilson in his Mexican policy from the first (it must have been a great comfort to him) and we believe that time will bear out our contention that this chance of bloodless settlement of the affair, no matter how slim, was too wonderful and too valuable an opportunity to let go by, even though the yellow press, the bloodthirsty patriots and the army contractors condemn what they termed the mollicoddle "watchful waiting" policy. Some of Wilson's opponents enjoyed contemplating what their favorite presidential candidate would have done if he could have been in the chair, how Mexico would have been licked into the dust by this time, and all that, but they overlook the fact that while it is very possible that Mexico would have been humbled in short order, still, it wouldn't have been any game of ping-pong and several thousand of our brave boys might now be lying asleep under a few inches of sand and gravel on the deserts of Mexico, with a cactus for a tombstone, leaving thousands of shattered American homes that a half a century could not mend. Patriotism is all right, but it is the results we want and the most economical way to get them. How much better it will be if the men around the table at Niagara Falls can bring about the desired results.

THE HORROR OF THE ST. LAWRENCE.

Either one of the navigators of the two ships that ran aground in the Gulf of the St. Lawrence river the other morning with such terrible results was to blame, or the laws of navigation are at fault, and we hope that the commission that starts investigating the accident on June 9th, next, will discover where the trouble is and that steps will be taken to make impossible another such affair. It seems as though a law that forces all ships, whether in crowded waters or on the high seas, to drop anchor and await clear weather when a fog drops upon them, would be the only sure way of preventing such collisions. It would be a loss of time, of course, but better that than the loss of life.

Some people think they must make haste, no matter what the cost to themselves or others, but they forget the possibility of disaster when they demand the speed. If they knew a wreck was certain, they would be the first to declare for caution; then why not have the caution all the time, for disaster is always possible? The selfish thoughtlessness of the speed fiends should not be allowed to rule over the feelings of the careful ones. The lives of all should not be put in jeopardy to please those mad fools who think they cannot wait. People have to travel, and they should be allowed to travel in safety. It is murder and nothing less, and a shameful waste of humanity.

NONIGNORABLE.

"Only Wilson men get jobs as postmasters; Lewis men will be ignored."—Astonishing statement from Washington.

Aurorean James cannot be ignored. Let Phoebe Apollo, climbing the arched road in his chariot, and Thor, sitting on a black horizon and throwing his bolts to the zenith, be ignored; let a boiler factory elude the consciousness and a steam calliope at the tail of a circus parade escape the ear; consider the aurora borealis as unseen and the sweep of the tempest unperceived, but dismiss the idea that the one nonignorable force in the universe can be ignored.—Chicago Tribune.

Sort of hard to settle down to common, unromantic work again after that double holiday. The glorious Fourth will bring us another closed Saturday, however. These holidays look bigger when they are grouped, don't they?

Has anybody heard what has become of the garbage question?

The Speed Maniac

BY WALT MASON

Where'er he hies he simply flies, the dust behind him thickens;  
past my abode he burns the road, and kills my pup and chickens.  
He toots his horn as though in scorn of folks who  
travel slowly; like falling star his noisy car at-  
tains a speed unholy. He does not care for your  
despair, nor heeds your angry feelings; he scoots  
and rips and tears and zips, with drunken leaps  
and reelings. For poor galoot who toils afoot, he  
does not care a stiver; he scares the mutes the  
farmer tools — they bolt and kill the driver. Along  
his track for meters back, his dead and maimed  
are lying; he merely sniffs at mangled stiffs, and  
still he goes a-flying. When brought to court this  
measley sport is taxed a few plasters, when he  
should wait for years in jail for causing such dis-  
asters. Throughout the land this thing we stand  
—we stand it 'cause we've got to—and all our kicks don't serve to  
fix the saphead with the auto. Perhaps some time 'twill count as  
crime to run amuck, doggone it, along the pike and chase and  
strike and maim the people on it.

Mrs. J. M. Kline of Rock Falls, S. F. Oliver of Milwaukee, O. A. Oliver of Morrison and Mrs. O. A. Oliver, decorated the graves of their parents, families and friends in the Sterling cemetery and visited their old home in Palmyra, now known as the Drew farm. Mr. Oliver located a log cabin on this farm in 1838, remaining there until 1867 when he removed to Sterling.

The party ate their picnic lunch under the maple trees that their father had planted 75 years ago.

They afterwards motored over many of the roads in the vicinity and visited many spots "the scenes of their childhood." It was a day of reminiscence and pleasure to each member of the party.

W. R. C. Attention.

The members of the W. R. C. are requested to meet tomorrow, Wednesday, June 3rd, at Father Dixon's monument (Oakwood cemetery) at 3 p. m., to decorate the graves of deceased members of the order. Please bring flowers.

## HUERTA'S FAMILY FLEES?

Wife and Sons of General Reported Aboard Ship.

Vera Cruz, Mex., June 2.—Coincident with the sailing of the Hamburg-American steamer Ypiranga from here, persistent rumors, originating in Mexico City and brought here by refugees, were circulated that Senora Huerta and her four sons were aboard the ship. The Ypiranga cleared for Europe by way of Havana. As she left the harbor the German cruiser Dresden unexpectedly hauled up her anchor and followed to sea. There was a report also that the liner's destination was Puerto Mexico. There was an element of mystery in eight locked staterooms, originally reserved for Doctor Urrutia, the former minister of the interior, which were not otherwise disposed of, although he had proceeded to the United States.

## PUT SULPHUR OF AN ITCHING SKIN AND END ECZEMA

Says This Old-Time Eczema Remedy Is Applied Like Cold Cream.

Any irritation or breaking out on the face, arms, legs or body when accompanied by itching, or when the skin is dry or feverish, can be readily overcome by applying a little bold-sulphur cream, says a noted dermatologist.

He states that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears on the skin.

Those troubled should obtain at any pharmacy an ounce of bold-sulphur cream which is applied to the affected parts in the same manner as an ordinary cold cream.

## WINTERS CASE FAILS

Sleuth Quits After Quarrel With Prosecutor.

Search for Body Fails and Charges May Be Dropped—Mayor's Impeachment Threatened.

Newcastle, Ind., June 2.—Robert Abel, a private detective who has been investigating the disappearance of Catherine Winters, left this city and said he would not return.

He left after an altercation with W. R. Myers, prosecuting attorney, in which each accused the other of suffering an attack of "cold feet."

The charges against the father and stepmother of the girl, Dr. and Mrs. W. A. Winters, probably will be dismissed and the search for the body of the girl abandoned.

Abel went to Indianapolis, taking with him his magnifying glass, his "Sherlock Holmes" hat and some dictograph records. As he left he said that no prosecution could be carried on without the evidence contained in the dictograph report.

Abel and the prosecutor had three quarrels. Doctor and Mrs. Winters and Ross Cooper, formerly a boarder at the Winters' home, were named in affidavits charging them with conspiracy to commit murder, which were filed before Judge Jackson. Their bonds were fixed at \$1,000 each.

"Politics and cowardice have ruined my case," Abel declared before he left. "I cannot do anything more until they appoint a new prosecuting attorney and file those affidavits, so I can keep the defendants separate. I am through."

Impeachment proceedings against Mayor J. Leeb Watkins may be the result of the activities displayed by the mayor in the investigation. Doctor Winters said that he would file charges of malfeasance in office against Mayor Watkins.

Reports were circulated by Detective Abel that a box had been shipped by Cooper from Winters' home two days after the disappearance of the girl, and had been addressed to himself at Indianapolis. Cooper went to Indianapolis the following day.

Four city policemen went to the Van Matre farm to investigate the shovel and mound of earth supposed to have been found on the farm. The shovel was a scow shovel that had belonged to the Lake Shore & Michigan Southern railroad.

The "mound of earth" was found to be a hole washed out of the land in the center of a corn field when the Blue river overflowed a year ago.

## WILSON ON BUSINESS

Chief Executive Sees Much Prosperity in Land.

President Says Good Times Would Come With a Jump if Manufacturers Only Thought So.

Washington, June 2.—President Wilson expressed himself freely on business conditions and also with regard to the Clayton anti-trust bill. He told his callers he does not believe there is any depression in general business in the United States, but that whatever depression exists radiates from railroad offices and related industries, including the steel business, and that the ordinary buying and selling of the nation has not been affected. The railroad depression has exercised a great influence on the country, and has affected the credit market, he does not doubt. There is a worldwide depression in business, according to reports that come to him, and the United States is not suffering from it nearly so much as other nations, he believes.

The president points to statements from President Farrell of the United States Steel corporation and Elbert H. Gary that the outlook in the steel industry is excellent. He does not believe that the tariff has had anything to do with existing business conditions, and Secretary of Commerce Redfield recently reported to him that the exports of the country were increasing more rapidly than the imports.

In view of these facts the president is inclined to hold to his recently published statement that the existing depression is "psychological," and that if business men believed that prosperity were coming and acted on this belief, it would come with a jump.

## CUMMINS AHEAD IN PRIMARY

Returns Indicate Renomination of U. S. Senator From Iowa.

Des Moines, Ia., June 2.—Returns indicate that Senator Albert B. Cummins has been renominated by a majority of approximately 50,000 by the Republicans over his standstill rival, A. C. Savage. S. H. Bashor is leading the Progressives for the senate. Congressman Maurice Connolly of Dubuque won the Democratic senatorial nomination handsily from E. T. Meredith of Des Moines. Gov. George W. Clarke, Republican, has been renominated over his two rivals by an estimated plurality of 40,000. John T. Hamilton of Cedar Rapids, Democrat, has been nominated for governor by a slight majority over V. R. McGinnis of Leon. George C. White, the Progressive nominee for governor, had no opposition. The primary vote was the lightest ever recorded in the state, barely thirty per cent of the voters taking the trouble to go to the polls.

## MEMORIAL OVER BALDWIN GRAVE

UNITED SPANISH WAR VETERANS HELD SERVICES SUNDAY AFTERNOON IN CEMETERY.

## JUDGE SCOT DELIVERED ADDRESS

County Judge in Beautiful Tribute to Fallen Soldiers—Held at Grave of Major Baldwin.

The United Spanish War Veterans held memorial services at the grave of Major Baldwin in Oakwood cemetery Sunday afternoon, the feature of which was the following excellent address delivered by County Judge R. H. Scott:

It is a source of pleasure and indeed an honor to be again permitted to address you. Today throughout the length and breadth of our great country, the American people will do honor to the memory of the departed soldier and bestow a deserved word of praise upon the living soldiery. It is a custom born of a spirit of patriotism and devotion to citizenship. And as we place upon the lowly mound where lies all that is mortal of the departed hero, the beautiful token of love and esteem, freighted with fragrance, as we do this we honor his memory, and we inspire in the living a renewed love of country and awaken in our hearts a proper appreciation of the sacrifice which prompted our citizen soldiers to endure hardships or to make the supreme sacrifice.

It is not the mere form which counts. It is the lofty sentiment which prompts it; the American ideal it symbolizes which means so much to all true American hearts. The flower is a token of the life of men. We, like the flower, will fade and pass away and soon be forgotten. But the memory of a useful life, like the fragrance of a beautiful flower, will be borne on into eternity. It is sometimes said by the pessimist that the patriotism of our forefathers is no longer existent; that we are upon a selfish, a mercenary and most decadent are. Yet I do not, I cannot believe that these things are true. To live, a nation, like a great family, must be loyal to its head and loyal to one another. When selfishness and greed shall eat away the foundation of the institutions which our ancestors established; when the desire for personal gain shall undermine the foundations of our liberty; when indeed may we look for the passing of the nation, and the government which is ours by virtue of the heroism of those who went before us.

It is charged in the public press of the country that the gentleman who now happens to be President of the Republic, has again and for the second or third time refused to address the G. A. R., in its annual memorial service. Some have construed this refusal to be a studied slight of the old soldiers of the north. Inasmuch as he has accepted an opportunity to speak at a gathering of the confederates soon to be held at the same place, it is pointed out by the old soldiers that Mr. Wilson, being a southerner by birth, and being the son of a confederate, is out of sympathy with the G. A. R., its membership, and its record, and fails by this refusal to address them, to conceal his sentiments and sympathies in that regard. This is almost unthinkable—that the Chief Executive of a nation which was rescued from the clutch of its enemies by the heroic service and sacrifice of the valiant boys in blue, should be so lost to every patriotic impulse, as that he would spurn the old veterans' offer to do him honor.

Were it not for the sublime efforts of you and your comrades, President Wilson could not today reign at Washington over a nation of one million reunited freemen.

And so I say that we must ascribe these repeated refusals of the Chief Executive to some other unfortunate, unknown circumstance, over which he had no control. Let us cover with the mantle of charity, the whole unpleasant affair, and continue to believe that the spirit of Lincoln is yet a vital force at the White House.

Who does not love a head of pretty hair? Some women think it is a gift of nature and envy their more fortunate sisters. If your hair is not fluffy, soft and lustrous; is falling out, streaked, faded, brittle, or full of dandruff and if the scalp itches, do not think it must be always that way, for pretty hair is only a matter of care and proper nourishment of the hair roots. Hair is something like a plant—if neglected it soon withers and dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate the hair to grow long, thick, fluffy, soft and lustrous. It removes dandruff with one application and quickly stops itching head and falling hair. Rowland Bros. or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful hair tonic for the few days' use will give the hair the beauty and charm of youth.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

## WHY THEY MARRIED.

Postal cards having been sent out to all the married men in a certain town of western New York carrying the question, "Why did you marry?" the following are some of the answers returned:

That's what I've been trying for 11 years to find out.

Married to get even with her mother—but never have.

Was freckled-faced and thought it was my last chance. I've found out, however, that freckles ain't near as bad as henpeck.

Because I was too lazy to work.

Because Sarah told me that five other young fellows had proposed to her. Lucky dogs!

The old man thought eight years' courtin' was long enough.

I was lonesome and melancholy, and wanted some one to make me lively. N. B.—She makes me lively, you bet.

I was tired of buying ice cream and candies and going to church and theatres and wanted a rest. Have saved money.

Please don't stir me up.

Because I thought she was one among a thousand; now I sometimes think that she is a thousand among one.

Because I did not then have the experience I now have.

The governor was going to give me his foot, and I took his daughter's hand.

I thought it would be cheaper than a breach of promise suit.

That's the same fool question all my friends and neighbors ask.

Because I had more money than I knew what to do with. And now I have more to do with than I have money.

I wanted a companion of the opposite sex. P. S.—She is still opposite. Don't mention it.

Had difficulty in unlocking the door at night and wanted somebody in the house to let me in.

Because it is just my luck.

I didn't intend to go and do it. I yearned for company. We now have company all the time—her folks.

I married to get the best wife in the world.

Because I asked her if she's have me. She said she would. I think she's got me. —Chicago Record-Herald.

## DICTATOR WANTS REBELS AT PARLEY

General Huerta Submits Terms to Bring About Peace in Mexico.

## RULE BY BOARD REFUSED

Statement Issued From Carranza's Headquarters Defies A-B-C. Mediators and Takes Stand Against Interference.

Mexico City, June 2.—It is learned from a wholly reliable source that President Huerta's proposition for the settlement of the Mexican difficulty involves primarily the admission of representatives of the rebels to the mediation conference so that questions affecting Mexico may be discussed and adjusted between Mexicans exclusively.

With that basic condition Huerta couples a rejection of the American suggestion of an interregnum or a provisional government in Mexico, as the adoption of such a plan would imply impairment of the national sovereignty.

He proposes, on the other hand, that election for president, vice-president, senators, deputies and state governors be held July 5, according to arrangements previously made. The election in question is to be free and fair, the rebels having the privilege of exercising supervision in those portions of the country that are controlled by the government and the government agents in those portions of the country controlled by the rebels.

Finally Huerta binds himself solemnly to abide by the mediation conference and before the civilized world to hand over the supreme power to the person who shall be elected at the election thus conducted.

Statement of Carranza. El Paso, Tex., June 2.—A semi-official statement issued from General Carranza's headquarters at Durango defies the A-B-C. peace mediators at Niagara Falls and declared the constitutionalists would tolerate no outside interference with internal problems of Mexico.

The statement holds that the constitutionalists, the conquerors of Mexico, are being dictated to by the conquered, as it is declared that the only obstacle to the entrance of the rebels to Mexico City is the destruction of the railroads. The agrarian problem, which the peace commission has been seeking to solve, is held to be an internal problem which requires no outside interference for settlement.

"Indeed, this is the attitude of the constitutionalists with regard to the entire proceedings of the mediators," the statement declares.

Uphold Their Claims. In proof of their contention that they are the conquerors of Mexico they point to what they have already accomplished in the way of driving the federalists from two-thirds of the area of the country.

General Villa also issued a statement reiterating his allegiance as a military leader to Carranza.

Rebels to Get Invitation. Niagara Falls, Ont., June 2.—The A-B-C. mediators have decided to send an answer to the telegraphic note delivered to them in behalf of General Carranza, which suggests that the constitutionalists should be permitted to participate in the Niagara Falls conference.

In their response the mediators will say that a constitutionalist representative will be admitted to the conference on the condition accepted by the American and Mexican governments, namely: That the constitutionalist forces shall suspend hostilities while the peace negotiations are in progress. The way for constitutionalist participation under this condition has been paved by advance assurances that the Mexican delegates will assent to it.

Crisis in Peace Parley. Washington, June 2.—Since the arrival of Senator Urquidí in Niagara Falls with a note from the constitutionalist junta here precipitated what was little less than a crisis in the peace conference, indications have increased of a wide difference of opinion between the A-B-C. mediators and the department of state. This divergence of view, in fact, was indicated particularly in the widely differing language of the mediators' offers of their services and Mr. Bryan's note of acceptance. The situation has reached a point where even the state department with its longing for peace is looking for a sterner joinder of issues. Either a reimposition of the embargo on arms or a blockade of certain Mexican ports is said to be contemplated.

## PERFECT CONFIDENCE

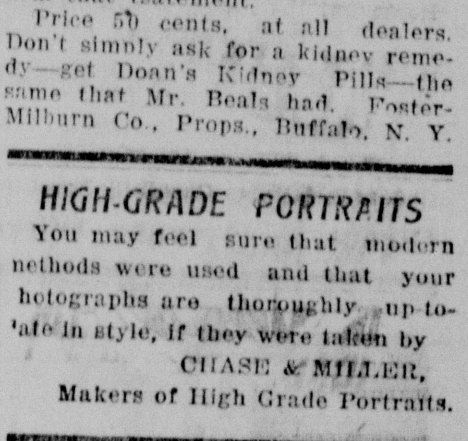

Dixon People Have Good Reasons For Complete Reliance.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.

Here's Dixon testimony.  
N. W. Beale, 620 College avenue, Dixon, Ill., says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges and my back was stiff and lame and when bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Brothers Company Drug Store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills one year ago, holds good and I am glad to confirm that statement."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beale had. Foster-Milburn Co., Props., Buffalo, N. Y.

## MRS. GEO. W. SMITH FUNERAL WEDNESDAY

SUDDEN DEATH OF MRS. SMITH A GREAT SHOCK TO MANY FRIENDS HERE.

The funeral of Mrs. George W. Smith, who passed away suddenly on Monday afternoon, will be held from the home at 207 East Boyd street, in North Dixon, Wednesday at 2:30 p. m. Rev. Fred D. Stone of the Methodist church, of which Mrs. Smith was a member, will officiate at the services.

Harriet A. Jeffries was born at Delhi, Iowa, April 10, 1860. She was the only daughter of Rev. Edward W. Jeffries and wife, Emerole.

As a young lady she received her education at Mount Vernon college, and was a graduate of the art department of that institution. While attending school at Mount Vernon she became acquainted with George W. Smith, who was also a student in the art department of the school, and during their school days the acquaintanceship ripened into love and Miss Jeffries was married to George W. Smith at Mount Vernon, December 8, 1882. The couple came to Dixon and since that time they have made their home either in Palmyra or in this city.

Mrs. Smith died very suddenly at her home on East Boyd street shortly before 3 o'clock Monday afternoon, June 1st. She had been none too well for several years but of late had seemingly been improving and during the morning of the day she died was out in the garden working with her flowers. Neuralgia of the heart was the cause of her sudden passing away.

Her husband and invalid mother survive her.

Mrs. Smith was an active member of the D. A. R. and of the Fortnightly club and for many years was an active and valued member of the W. R. C. She was sincerely loved and admired by every person who knew her and there are many beside the grief-stricken family whose hearts are heavy with sorrow. Her death came as such a sudden shock and was so entirely unprepared for that her dear ones and her friends are stunned. A life of love and service has been terminated.

## MOOSE LODGE CHANGE THE MEETING NIGHT

A SHIFT FROM WEDNESDAY TO THURSDAY BECAUSE OF NEW ARRANGEMENT IN STORES.

The L. O. O. M. have changed the date of their regular weekly meeting on account of the change in the opening nights of the stores. The change to Wednesday opening night makes it more convenient for many to attend on Thursday evenings so hereafter Thursday night will be regular meeting night. The regular meeting will be held Thursday night this week and all members are urged to attend.

## HARD LUCK FOR CYCLISTS.

Four motorcyclists went to Rockford Sunday to participate in races in that city on the way home the quarter ran into impassable roads and a cloudburst and took to the railroad to reach shelter which they finally did after traveling through a swamp to an old barn where they spent a sleepless night. The roads were even worse the next day but by traveling on the Northwestern tracks the four, Quincy Adams, Walter Hofmaster, Elmo Smith and James Whitford, arrived in Dixon at about noon yesterday.

## IS GREATLY IMPROVED.

Mrs. Mary Walker who was operated upon at the Katherine Shaw Bethel hospital early last week was returned to her home in the county today much improved.

## PRINCESS THEATRE

Tonight the Princess theatre will show a two reel feature entitled "The Return of Cal Clawson," a western picture in which the better nature of the outlaw asserts itself and saves the life of the man who has captured him after a stern chase across the desert. Instead of leaving him to die of thirst the outlaw takes him to the sheriff for care. The strife within the breast of the outlaw to do much good or evil has never before been so powerfully portrayed.

## FAMILY THEATRE

The following four reels of pictures will be shown at the Family tonight: Presto Willie, Magician; The Interference of Broncho Billy; The Way to Heaven, and the celebrated Pathe Weekly showing scenes at the new baseball park in New York City, the styles from Paris, scenes at the San Francisco exposition, head-on collision at Comer, Ga., new life saving device demonstration at Washington, D. C., blowing up the ice on a Russian river and other interesting events. An error was made in last evening's paper in regard to the admission and should have read ten instead of five cents.

Tomorrow evening the fourth part of the Perils of Pauline will be exhibited.

## ROMAN MEAL THE NEW HEALTHFUL BREAKFAST FOOD

ROMAN MEAL corrects and improves digestion, prevents and relieves constipation.

Roman Meal is composed of wheat, rye and flax. This wheat and rye are ground "with their jackets on." The flax is so treated that it has a delicious nutty flavor with no trace of the characteristic odor.

They claim that with the addition of milk, butter or cream you will have a perfectly balanced food.

It is put up in about three pound packages and retails for 25 cents.
